Reports on relevant conferences, seminars and workshops: Round table discussion

- EGU 2020: will have focus on rainfall
Call for sessions will come out soon
- Pontresina 2018 – message from Peter Molnar:
With a small delay we put together the Proceedings/Book of Abstracts from the UrbanRain18 conference. Thanks to Nadav for putting in a lot of time and to the authors for approving your abstract or short paper. The Proceedings are in Open Access ETH Research Collections, which are available at:

<https://www.research-collection.ethz.ch/handle/20.500.11850/347485>

Every paper has its own DOI, so if you type in your paper title you will be pointed to the link with the DOI. Please use this paper DOI in all reference to your work presented at UrbanRain (e.g. on Research Gate, etc.), not the DOI of the entire Proceedings, in order to avoid confusion in author attribution.

The Proceedings are also linked on the workshop webpage.

The videos of the talks are being worked on by Jörg Rieckermann. You will hear more about this from him.

Other activities by IGUR members: Round table discussion

- Vojtech Bares reported that a meeting on microwave links took place in Garmisch last week, which was attended by 40 – 50 people and focused on special programs for developing countries (Global System for Mobile Communications Association: GSMA)
 - IWA report on metrology: invitation to Vojtech Bares to contribute on microwave links
- 4. News from the JCUD (Vojtech Bares)**
 ICUD 2023 will be held in Cape Town (Chair of Local Organising Committee: Professor Neil Armitage)
 Guidelines for conferences under JCUD are being discussed – a draft version will be distributed
- 5. Future activities**
- Forthcoming conferences and workshops
 - [15th International Conference on Urban Drainage](#) (ICUD 2020), Melbourne, Australia, September 2020
 - Next IGUR meeting
 - 15th ICUD Melbourne, Australia, September 2020
- 6. Other business**
- At the next IGUR Annual Meeting in Melbourne, there have to be elections for a new chairperson and for the secretary. Candidates are invited to contact Simon Beecham or Thomas Einfalt.
 - Rainfall workshop in Belo Horizonte / Brazil or nearby (“Tropical Pontresina workshop”). Nilo Nascimento will be contact and set up a network for this (including Mexico). Objective: in early 2021
 - Martin Fencl produced a first draft of a new IGUR website which is already looking good. Everybody is invited to contribute to / review the current status (URL: <https://martinfencl7.wixsite.com/igur>). Thomas produced an update of the membership list to be included on the website. The objective is to have the website up and running before the end of this year.
